About Us

Zilor Group is an Australian company that provides expert delivery solutions to the market, specialising in management consulting, strategy transformation, and IT service delivery. Our team are experts, pioneering solutions in multiple government departments including highly sensitive entities, through Program/Project Management, Agile ICT delivery and Integrated Logistics Support (ILS).

Defence Industry Security Program Accredited

As a Defence Industry Security Panel (DISP) Level 3 Personnel and Governance accredited organisation, Zilor Group is able to sponsor existing and new personnel up to Negative Vetting Level 2.

We provide sponsorship to select Small to Medium Enterprises to assist the support provided to Government in provision of a workforce capability. With our extensive experience, we support those companies who are not able to manage their own clearances.

Values & Community Support

Zilor Groups mission is to support our people both personally and professionally, building a culture that our employees are proud of; provide superior delivery through innovation and our outstanding team, generating perpetual value for our clients.

Our Leadership Team

Matt Rosenthal – Managing Director

Matt Rosenthal, an extroverted leader with a growth mindset, is dedicated to developing the Zilor Group brand. With over 12 years in Defence and 4 years in Federal Government, he strives to create a great workplace and deliver extensive value.

Our Services

Program and Project Management

Our clients have significant Programmes and Projects to realise benefits to deliver change to their respective Organisations. We have a strong governance and compliance culture which allows us to provide tailored solutions to complex problems to deliver quality solutions.

Complex ICT Program Delivery

Our team is experienced and capable in overseeing key IT functions, managing suppliers, implementing effective support and delivery processes to ensure business needs are met. Trained and qualified in the ITIL framework, our team is passionate about ensuring excellent services are provided to the end user.

Integrated Logistics Support

We understand that the largest ongoing costs incurred by our clients are those associated with logistics and the provision of logistic services. To ensure that all our integrated logistic support services are provided to the highest quality and appropriately certified we make certain that all prospective employees are trained appropriately to the practitioner standard.

Technical Writing

Our company specialises in providing expert technical writing services for Australian Defence projects. With a deep understanding of Defence protocols and requirements, we deliver precise, clear, and comprehensive documentation. Our experienced team ensures that all technical materials meet the highest standards, supporting the successful execution and management of Defence initiatives.
